💼 Professional Experience

1. Ash Information Technology
01/2024 – 07/2024

Software Developer ↗
Noida, India

Developed key applications, including an Inventory Management System with Role-Based Access Control (RBAC) and a Content Management System (CMS) for website and SEO management. I also built a scalable e-commerce platform with a Node.js backend and Next.js admin dashboard, offering full control over products, orders, and payments. Additionally, I managed AWS integration and deployment using services like S3, EC2, Amplify, and Route 53 to ensure optimal performance.

2. NextGen Techno Ventures Pvt. Ltd.
08/2023 – 09/2023

NextJs Developer ↗
Mumbai, India

Developed an admin panel that used to boost other brand's social profiles and manage new boost requests of brands, payment and insights like Revenue, Profile Interactions and many more.
